SMOOTH SHEET | FLOOR PLATE

Smooth Sheet

Slit and mill edge flat sheets are perfect for countless uses, including plasma/laser cut parts, decking, appliances, tanks, and trailers. Our sheets can be slit and cut to length to meet exact customer specifications and requirements.

Available HR, HRPO, CR, GALV, GVNL, GVML

Width	Gauge	Length
6" - 96"	Up to 1/2"	CTL Up to 45'+

Floor Plate

Also called Treadplate, Floor Plate has a raised diamond lug pattern that provides excellent skid resistance for a wide range of slip resistance applications. Primary uses are decking, toolboxes, truckbeds, platforms, and trailer fenders.

Available HR, HRPO

Width	Gauge	Length
2" - 96"	Up to 1/4"	CTL Up to 45'+
